

Privacy Policy

Effective date: January 25, 2018

We at Oblong Industries (“Oblong”) know you care about how your personal information is used and shared, and we take your privacy seriously. Please read the following to learn more about our Privacy Policy. By using or accessing our products, services, and applications (the “Services”) in any manner, you acknowledge that you accept the practices and policies outlined in this Privacy Policy, and you hereby consent that we will collect, use, and share your information in the following ways.

What does this Privacy Policy cover?

This Privacy Policy covers our treatment of non-personally identifiable information that we gather when you are accessing or using our Services, but not to the practices of companies we don’t own or control, or people that we don’t manage. We gather various types of Non-Personal Information from our users, as explained in more detail below, and we use this Non-Personal Information internally in connection with our Services, including to provide, and improve our Services, and to analyze how you use the Services. We do not share the collected information with third parties.

Will Oblong ever change this Privacy Policy?

We’re constantly trying to improve our Services, so we may need to change this Privacy Policy from time to time as well, but we will alert you to changes by placing a notice on <http://www.oblong.com/policy/>, by sending you an email, and/or by some other means. Please note that if you’ve opted not to receive legal notice emails from us (or you haven’t provided us with your email address), those legal notices will still govern your use of the Services, and you are still responsible for reading and understanding them. If you use the Services after any changes to the Privacy Policy have been posted, that means you agree to all of the changes.

Non-Personal Information Collected Automatically

If you consent to providing us usage data, we automatically receive and record information from your browser or device on our server logs or via Google Analytics. For more information on Google uses data when you use our apps, visit www.google.com/policies/privacy/partners. Usage data may include the type of browser and/or device you’re using to access our Services, and the page or feature you requested. You are able to change preferences to give or retract your consent at any time.

In addition, we also collect data in a form that does not, on its own, permit direct association with you or any specific individual. For example, we may collect and store information such as language, the time zone where you use your Oblong product, and details of how you use our Services, including usage patterns.

We may use this data to customize content for you that we think you might like, based on your usage patterns. We may also use it to improve the Services – for example, this data can tell us how often users use a particular feature of the Services, and we can use that knowledge to make the Services interesting to as many users as possible.

What choices do I have?

You can always opt not to disclose Non-Personal Information to us, but keep in mind some information may be needed to for us to improve our Services.
